## HOOSIER KITCHEN CABINET

A Pantry, Cupboard and Work-Table Combined

Which do you prefer, the Hoosier System or the old-fashioned way? The Hoosier System groups everything needed in preparing a meal at your fingers' ends. Every utensil and every article has its own special place. In the old-fashioned way everything is scattered all over the kitchen. You know it only too well.

The Hoosier Kitchen Cabinet—a pantry, cupboard and work-table combined—is a practical cabinet. The flour is put in at the top and every bit comes out through the sifter at the bottom of the bin. The sugar is in the dustproof bin at the right and works on the same principle. The spices are in cans at the left and the package goods in the cupboard above. All the utensils are before you or in the cupboard below. Everything is in its handy place, leaving the big aluminum work-table free to use. This table top, like high-grade cooking utensils, can be washed bright and clean in an instant, ready for bread or cake-making.

We are sole dealers for Hoosier Kitchen Cabinets and we have a complete line on display. We can suit all purses—all-sized kitchens. Come into our store and let us show you how to make kitchen work easy, how to always have a neat, orderly kitchen. We sell Hoosier Cabinets at very low prices. Many people buy Hoosier Cabinets after seeing the other kinds. Few buy other cabinets after seeing the Hoosier.

## BEST BREAD AND PASTRY FLOURS

If the bread and cakes are poor many will blame the oven, many will blame the cook. All the time it's apt to be the Flour. Give a carpenter rusty nails, dull saws, nicked chisels. Ask him for good work. It's just as absurd to expect good work of a cook if she has poor Flour. Give her Henkle's Bread and Pastry Flours and her bread and cakes will always please.

## ROYAL Baking Powder

ABSOLUTELY PURE

Healthful cream of tartar, derived solely from grapes, refined to absolute purity, is the active principle of every pound of Royal Baking Powder.

Hence it is that Royal Baking Powder renders the food remarkable both for its fine flavor and healthfulness.

No alum, no phosphate—which are the principal elements of the so-called cheap baking powders and which are derived from bones, rock and sulphuric acid.

## Right Kind of Clothes

For the Right Kind of Boy!

Of course there is a right kind of a Boy, just as there is the right kind of a Suit to put him in. The right kind of a Boy doesn't want to bother too much about his Clothes after he has them on. He doesn't want his seams to rip when he slides down the banisters, plays leap-frog or jumps hitching-posts. Our Widow Jones Spring and Summer Garments for the Boy's wear are ready and we particularly request mothers to come and see how well we can dress the Boy in a good-looking, stylish, durable Suit at a moderate cost. We've every cut of Suit that's right and our prices run, in sizes from 2-1-2 to 16 years, something like this: \$1.50, \$2.00, \$2.50, \$3.00 to \$7.50. If this store has a specialty, it is clothing Boys rightly, handsomely and economically.

We Clean, Press and Repair Clothing.
